Problem-solving

About Me

Dedicated and detail-oriented Information Technology graduate with hands-on experience in full-stack development using PHP, React Native, JavaScript, and Node.js. My proficiency extends to working with various databases such as Firebase, MySQL, and MongoDB. I have developed and maintained applications using modern tools including Visual Studio Code, Visual Studio, and XAMPP. Passionate about creating efficient and user-friendly solutions, I am eager to contribute my skills and grow further in the field of web and mobile application development.
